Closed	Home Health Providers	Providers are experiencing denials for EX 35 - Deny Maximum Benefit Reached	12/18/2024	Provider	Repeat	Providers are experiencing denials for EX 35 - Deny Maximum Benefit Reached. This denial should have been a denial for No Authorization on file after the first 3 visits and is currently being adjusted to reflect the correct denial code. Some EX 35 denials are incorrectly applying on claims where the provider has an authorization on file however, the system is not recognizing that the authorization exists. This is currently being researched for resolution and impacted claims will be reprocessed once a resolution has been found.	Starting 1/6/2025, Providers who do not have an authorization for services should be receiving the appropriate denial code. ITC is working reprocessing claims denied incorrectly for EX 35.	70	1,141	\$ 286,257	3/7/2025	0	2/20/2025	53
