

Daily Quality Care Gaps Now Available through Iowa Total Care Provider Portal

Get daily care gap reports with real-time data on our secure Provider Portal from the Interpreteta Clinical Action Tool.

 Continuously updates, interprets and synchronizes clinical and genomic data, creating a personalized member roadmap to orchestrate timely care. These real-time insights offer patient-specific information needed for quality improvement.

Quality

HEDIS® care gap information is updated **daily** by Interpreteta using data from pharmacy, membership and claims

Performance

Maximize your bonus for measures included in our quality pay-for-performance program

Health

Information is available for all Iowa Total Care members.
